

Workplace Health & Safety Policy

Melrose Cranes & Rigging's (MCR) vision is to make the MCR work environment, both internal and external, as free as possible from injury and disease. Work-related injuries we believe are preventable and with all MCR stakeholders contributing to this vision we can create a safe environment for our employees, contractors, visitors and the community at large.

Our mission is to establish a risk reduced safety and health culture that is easily understood and actioned by our employees, subcontractors, visitors and management.

Melrose Cranes & Rigging commits to:

- ∞ Health and safety being an integral part of our business operations
- ∞ Providing safe plant and equipment and systems of work
- ∞ A risk reduction environment where all people are able to identify, report, assess hazards and risks
- ∞ Establish and maintain an effective consultation process
- ∞ Ensure our workers are aware of, comply with and have access to all WHS policies and procedures
- ∞ Inform, instruct and train our workers, contractors and visitors in workplace health and safety procedures
- ∞ Report and investigate all incidents and accidents
- ∞ Set measurable WHS objectives with underlying goals for continual improvement

Gregg Melrose
Managing Director
